

**International Webinar on Gamification and Nursing Research &
Announcement of Winners of EBN Game Championship 2023**
Organized by Clinical Nursing Research Society North Zone, India in association
with Queen's University Belfast and Focus Games

DATE: Saturday, 17 June 2023

TIME: 6:30 PM IST

Concept note:

The practice of integrating gamification in research provides a higher level of sample interaction and user participation. As a result, gamification techniques yield more data that researchers can work with. The statistical analysis becomes more accurate due to differentiated results and more precise feedback. This webinar shall explore how gamification can be used in Nursing and Healthcare research with specific game examples from experts in the field.

Opening note:

Melvin Bell, Director & Co-founder, - Focus Games Ltd., UK

Presidential address

Prof. Latha Venkatesan, President, CNRS North and Principal, CON AIIMS New Delhi
